

# Your American Express® Corporate Card with Apple Pay **Simple. Swift. Secure.**

## Enjoy Apple Pay for your American Express Corporate Card

Using your eligible American Express Corporate Card with Apple Pay is just like using your physical Corporate Card. It's quick and easy to make payments, and you still benefit from the world-class customer service that you're used to.

### Setting up Apple Pay is easy

1. Open the 'Wallet' app on your compatible device
2. Tap the '+' sign to add your American Express Corporate Card
3. Follow the on-screen instructions

### And so is making a payment

-  Hold your iPhone up to a contactless reader (you don't have to wake up your phone or open an app)
-  Place your finger or thumb (whichever you use to unlock the phone) on the Touch ID to verify that it's you
-  When you feel a vibration or hear a beep, your payment is authorised. It's as simple as that.

#### Trusted Security

Benefit from all the trusted security that you enjoy with American Express. With fraud and online protection, we're working to safeguard you.

#### Push Notifications

Stay up to date with your spending with real time notifications and details of your purchases, whether using Apple Pay or your physical Corporate Card.

#### Transaction History

Enjoy smooth connection to the American Express Mobile app for enhanced account monitoring when on the move.
